

Development in East Africa. Cultural Shift in East Africa: Developments, Biographies, (Im)materialities

Development in East Africa. Cultural Shift in East Africa: Developments, Biographies, (Im)materialities

Piotr Cichocki, Maciej Z?bek (ed.)

[1]

Year of publication: 2018

ISBN: 978-83-7401-639-1

This collection of articles aims to bring closer the problem of current dynamic changes taking place in East Africa, something we may call cultural shifts, that actually incorporates transformations in every sphere of life from social, economic, through religious and linguistic to the rapid changes in environment and climate. A quick look at the table of contents proves that the collection is in the strict sense interdisciplinary, but the common ground for this meeting is founded by anthropological theory.
